Attention: Ms. Merie Sonnenberg

Dear Ms. Sonnenberg,

I am a grade 12 student at Highland Secondary School in Dundas. My Architecture and Design Teacher, Mr. Clapiz, encouraged me to participate in the Mad 4 CAD competition at Mohawk College earlier this week. I had not heard of this competition before and was very excited when I found out about it. I was even more excited when I found out that there was a \$500 prize for the first place winner. This competition was a lot of fun and it felt very competitive with 16 computers set up and 32 students competing.

This is a great way to encourage students who are interested in careers in technology and design. Competitions such as this one would not be possible without the generous participation from sponsors like your organization. I would like to thank you for your generous contribution of \$500 and for making this competition possible. I plan on putting the prize money towards my university tuition. Again, thank you.

Sincerely,

Nick Perrotta
